City of Olympia, WA Enhances Internal Processes with Can/Am Technologies' Teller Cashiering Solutions

Lakewood, CO — The City of Olympia, WA recently awarded a contract to Can/Am Technologies, to install its Teller Cashiering Solution in conjunction with a suite of Workday applications. This implementation will improve city cashiering processing efficiencies, save staff time, and reduce costs while providing citizens a more convenient payment procedure.

The new system will provide a comprehensive enterprise management solution that integrates Teller Cashiering, POS devices, Online Customer Portal and management reporting with Workday Financials, A/R, Counter, Back Office, and Check Scanning solutions. The City's Finance and other departments will be utilizing Tellers' easy-to-use Cashiering system. City staff members will be working with the Can/Am team soon to implement the new system.

The city selected the Teller Cashiering Solution because of several key factors including comprehensive functionality, straightforward configurability, robust reporting, and Workday integration, in addition to its easy-to-use management tools.

Jana Brown, City of Olympia General Accounting Manager commented *"City of Olympia is super excited to get started with our Can/Am Teller implementation! When we reached out to other entities, we were told they make great partners and that we will be so happy. We are ready for some happy!."*

About The City of Olympia

Olympia is the capital of the state of Washington and the county seat and largest city of Thurston County. Located at the southern end of Puget Sound, it is 60 miles (100 km) southwest of Seattle and is a cultural center of the southern Puget Sound region. The city has an estimated population of 54,150 with a metro population of 286,419.

About Can/Am and the Teller Cashiering Solution
