

Pierce County, WA to Implement Teller Cashiering Solution for their Court's Department

Posted on May 2, 2022

Lakewood, CO — Pierce County, WA recently announced they will be installing Can/Am Technologies Teller Cashiering Solution to improve County cashiering processing efficiencies within the Courts Administration department.

The new system will provide payment import interfaces, ICL and check recognition cashiering capabilities while integrating with various software applications. The Can/Am team will be implementing the new system this year.

The County selected the Teller solution based on several key factors, including comprehensive functionality, easy configurability, compatible integration and robust reporting, collection, and easy-to-use management tools. They are looking at automating many of the current processes which are manual.

Can/Am's Vice President of Sales and Marketing, Scott Stickel, commented *"Can/Am is looking forward to building a very positive and productive long-term working relationship with the County that will support their staff."*
