

City of San Mateo, CA Implements Teller Cashiering Solution in Multiple Departments throughout the City

Posted on June 16, 2022

Lakewood, CO — The City of San Mateo, CA announced they will be installing Can/Am Technologies Teller Cashiering Solution to improve City cashiering processing efficiencies across multiple departments in conjunction with their implementation of Workday Financials and HRM solution.

The new system provides an easy-to-use Payment Batch Interface for multiple departments, E-Workflow Revenue Submission, and an Online Customer Portal that streamlines payment accessibility for the City's customers. Teller's Check Scanning and Image Cash Letter solutions are also being implemented to improve efficiencies for staff.

The City selected the Teller Solution based on several key factors including comprehensive functionality, easy configurability, improved cash controls, Workday integration, robust reporting, collection, and easy-to-use management tools.

Rich Lee, Finance Director for the City of San Mateo commented *"The City of San Mateo chose Can/Am Technology's Teller solution because it best positions the City to modernize its cashiering processes and provide the best possible customer experience for the San Mateo community."*
